SECTION-I
INSTRUCTIONS FOR REQUEST FOR
QUOTATION & BIDDING DATA

Instructions

1 Scope of Bid/Quotation

The Employer as defined in the Bidding Data (here in after called “the Employer”) wishes to receive Bid / Quotation for the works as summarized in the Bidding/Quotation Data (here in after referred to as “the Works”).

2 Eligibility of Bidders

Documents evidencing eligibility are required to be submitted by the bidders (valid registration with FBR/Provincial Tax Department and evidence of supplies/works completed of similar nature).

3 Preparation of Bid/Quotation

Bidder shall complete the Schedule of Price as mentioned in Quotation/Schedule of Price.

Quotation shall be submitted entirely in Pakistani Rupees and all the duties, taxes and other levies payable by the Supplier under the contract shall be included in the total quoted price.

The rates quoted by the bidder shall be fixed for the duration of the Contract and shall not be subject to adjustment on any account.

Each Bidder can submit only one quotation.

4 Deadline for Submission of Bid / Quotation

Bid/Quotation must be received by the Employer at the address detailed in Quotation Data.

Bid/Quotation will remain valid for sixty (60) days after Bid/Quotation submission deadline. Each Bidder shall prepare Original and numbers of copies as Specified in the Bidding Data and shall clearly mark them “ORIGINAL”, “COPY” and “ELECTRONIC COPY” as appropriate.

5 Evaluation of Bid / Quotations

The Project Manager will evaluate and compare the quotations determined to be:

- Substantially responsive;
- Properly signed and valid for minimum sixty (60) days; and
- Conform to the terms and conditions, specifications and warranty period.

6 Award of Contract

The Employer will award the Contract to the Bidder whose Bid/ quotation has been determined to be substantially responsive and who has offered the most advantageous Bid/Quotation.

Notwithstanding the above, the Employer reserves the right to accept or reject any quotation and to cancel the bidding process and reject all Bids/ quotations at any time prior to the Award of Contract.

The Bidder whose Bid/ quotation is accepted will be notified of the Award of Contract by the Employer prior to expiration of the Bid/ quotation validity period. The terms of the accepted offer shall be incorporated in the Work Order.

7 Bid Security

The Bidders shall furnish, along with their bids/quotation, a Bid Security at an amount **PKR 500,000.-** in the form of Unconditional Bank Guarantee/Call Deposit Receipt (CDR) issued by a scheduled Bank in Pakistan. In case of Foreign Bank, the guarantee shall be counter-guaranteed by a scheduled Bank in Pakistan. Guarantees from other financial institutions such as insurance, bonding or security companies shall not be permitted. The Bid Security shall be valid for Thirty (30) days beyond the original validity period of the Bid/Quotation. The Bid Security of unsuccessful Bidders shall be returned as promptly as possible upon the issuance of Work Order to the successful Bidder.

8 Performance Security

Within fourteen (14) days of the receipt of notification of award from the Employer, the successful Bidder shall furnish the Performance Security at 5% of the cost of Contract shall be applicable in the forms of a Bank Guarantee/CDR from Scheduled Bank valid up to one (1) month beyond the expiry of contract period and shall be return back to the contractor/Supplier upon completion of issuance of completion certificate.

Bidding/Quotation Data

1 Name of Employer

The Employer is: Pakistan Water & Power Development Authority represented by General Manager/Project Director, Dasu Hydropower Project WAPDA Chuchang Colony, Dasu, District Kohistan Upper, Khyber Pakhtunkhwa, Pakistan or any other representative authorized by the Employer to represent the Employer from time to time.

2 Project Manager

The Project Manager is: LADP implementation Consultants or any other representative authorized by the Project Manager to represent the Project Manager from time to time.

3 Brief Description of Works

This scheme involves the Hiring of Chain Excavator on rental basis for the Period of 08 months for rehabilitation of Dubair Road.

4 Contact Details

Employer's address:

General Manager/Project Director, Dasu Hydropower Project WAPDA Chuchang Colony, Dasu, District Kohistan Upper, Khyber Pakhtunkhwa, Pakistan

SECTION-III
STANDARD FORMS

Form of Bid Security

(Bank Guarantee)

Beneficiary: _____

Request for Quotation No: _____

Date: _____

BID GUARANTEE No.: _____

Guarantor: _____

We have been informed that _____ (hereinafter called "the Applicant ") has submitted or will submit to the Beneficiary its Bid/Quotation (hereinafter called "the Bid") for the execution of _____ under Work Order No. _____ ("the IFB").

Furthermore, we understand that, according to the Beneficiary's conditions, Bid/Quotations must be supported by a bid guarantee.

At the request of the Applicant, we, as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of (_____) upon receipt by us of the Beneficiary's complying demand, supported by the Beneficiary's statement, whether in the demand itself or a separate signed document accompanying or identifying the demand, stating either that the Applicant/ Supplier:

- (a) has withdrawn its Bid/Quotation during the period of Bid/Quotation validity specified by the Applicant in the Letter of Bid/Quotation, or any extension thereto provided by the Applicant; or
- (b) having been notified of the acceptance of its Bid/Quotation by the Beneficiary during the period of Bid/Quotation validity, (i) fails to execute the Contract Agreement or ii) fails to furnish the performance security, in accordance with the Instructions of the RFQ.

This guarantee will expire: (a) if the Applicant is the successful Bidder, upon our receipt of copies of the contract agreement signed by the Applicant and the performance security issued to the Beneficiary in relation to such Contract agreement; or (b) if the Applicant/ Supplier is not the successful Bidder, upon the earlier of (i) our receipt of a copy of the Beneficiary's notification to the Applicant of the results of the bidding process; or (ii) twenty-eight days after the expiry date of the Bid/Quotation validity.

Consequently, any demand for payment under this guarantee must be received by us at the

office indicated above on or before that date This guarantee is subject to the Uniform Rules for Demand Guarantees (URDG) 2010 Revision, ICC Publication No. 758.

SECTION - IV SPECIFICATIONS

Specifications

Hiring of Chain Excavator for Rehabilitation of Dubair Road

General Specifications for Caterpillar 320C or Equivalent Hydraulic Excavator

The Hydraulic Excavator is a high-performance, medium-sized excavator designed for efficient earthmoving operations. It is engineered for versatility, durability, and superior productivity in excavation, trenching, and material handling applications. The machine is equipped with advanced hydraulic systems and a powerful engine, ensuring optimal performance in various working conditions.

1. Engine

The excavator is powered by a Caterpillar 3066 T or equivalent turbocharged diesel engine, providing high fuel efficiency and reliability. The engine delivers a net power output of approximately 138 HP (103 kW) or equivalent, ensuring smooth operation even under heavy loads.

2. Operating Weight

The machine has an operating weight for making it suitable for medium to heavy-duty excavation tasks while maintaining stability and maneuverability.

3. Hydraulic System

The advanced hydraulic system ensures smooth and efficient operation. It features a load-sensing hydraulic pump that provides precise control, improving fuel efficiency and reducing operating costs. The system allows for high breakout force and faster cycle times, enhancing productivity.

4. Digging Performance

These specifications ensure deep excavation capabilities, making the machine suitable for large-scale earthmoving and trenching tasks.

5. Undercarriage and Track System

The excavator is equipped with a durable steel track system, designed to provide stability and traction on rough terrain. The track design minimizes ground disturbance, making it ideal for construction, mining, and infrastructure projects.

6. Operator Comfort and Control

The operator's cabin is ergonomically designed for comfort and efficiency. Features include:

- **Spacious, air-conditioned cab** with adjustable seating
 - **Intuitive joystick controls** for precise maneuverability
 - **Excellent visibility** for enhanced safety and accuracy
 - **Low vibration and noise levels**, reducing operator fatigue
-

7. Attachments and Versatility

The Caterpillar 320C or equivalent supports a variety of attachments, including buckets, hammers, and grapples, making it a versatile choice for multiple construction and excavation tasks. Quick coupler compatibility allows for easy attachment changes, improving work efficiency.

8. Fuel Efficiency and Environmental Compliance

The machine features an efficient fuel management system that optimizes fuel consumption while reducing emissions. It complies with international environmental standards, ensuring sustainable operation.

9. Safety Features

Safety enhancements include:

- **ROPS-certified cabin** for operator protection
 - **Anti-skid surfaces** for secure footing.
 - **Advanced monitoring system** to alert the operator of any mechanical issues.

SECTION - VI

ENVIORNMENTAL CONSIDERATIONS

E&S Consideration for Rental Procurement of Chain Excavator

In order to promote resource efficiency, waste reduction, and Environmental and Social (E&S) considerations, the World Bank (WB) will encourage contractors/borrowers, and executing agencies to make sure that, whenever possible, the goods and services purchased under WB-financed projects have been produced or rendered in a responsible manner. The emphasis of sustainable procurement will be to promote the purchase of items that are less harmful to the environment throughout their lifecycle from its production, use, maintenance. Contractors/borrowers may use developed and readily accessible internationally recognized product standards when executing procurement. Following aspects/considerations needs to be ensured during the rental procurement of Chain Excavator for the E&S sustainability:

- Supplier's policy on ESHS commitment to environmental and social sustainability;
 - Supplier must comply with the local legal environmental and social regulations including labor laws as applicable;
 - Supplier must have valid EHS certifications such as ISO-14001:2015, ISO-45001:2018; ISO-9001:2015;
 - Corporate Social Responsibility Initiatives of the supplier will be the added value;
 - Excavator fitness certificate and capacity labels must be available as per the local and international standards;
 - The Excavator must have a Manufacturer's Manual;
 - The excavator must be free from any leakages and the components such as Track Chain, Track Shoes, Sprockets, Idler Wheels, Track Rollers, Track Tension and Undercarriage Frame must be as per manufacturer's instructions and kept in good condition free of rust, leakages and damage;
 - The operator of the excavator must have a valid certificate (if operator is inclusive of this procurement);
 - Fuel efficient with low emission and low noise generation Chain Excavator will be procured; and
 - Safety devices which include but not limited to the fire extinguishers, mirror hammer, power-assisted steering system, air bags, anti-lock braking systems, emergency brake assist, reverse collision avoidance along with camera arrangements, fog lamps, efficient seat belts, high visibility reflectors, portable tire pressure checking device, portable electric air pump, wide-ranging tool kit, audible warning system, extension cord, first aid kit including mandatory PPEs, safety flags must be ensured during the rental procurement of chain excavator.
-
